

Rent a Hog Roaster

1033 Newark Road, Mount Vernon, Ohio 43050

PHONE: 740-397-2751 | www.lannings.com

Contact our meat department at 397-2751 ext. 231 to order a hog and rent our roaster oven; call early to reserve your date.

ROASTER TIPS

Hog roasting time: Approximately one hour for every 25 pounds. Take the temperature of the hog in the thickest portion of the the ham or the shoulder with a thermometer probe to verify an internal finished temperature of 165 to 180 degrees.

Hog sizing: Portion size per person ranges from 10 to 16 ounces each. The largest size hog that will fit in the roaster is 170 pounds.

Suggestions for roasting: Lay the roasting screen in the bottom of the roasting pan. Fill the roasting pan with water. Add your favorite seasonings to the water (such as garlic, beer, etc.). Place the hog in the roaster with feet corner to corner and head toward front of roaster.

Lighting instructions: Open the trap door in the back of the roaster. Open the main lid (so gas will not get trapped). Use a lighting stick to reach the burner. One person turns on the propane tank while the second person is holding the ignited lighting stick.

Propane: Regular grill tanks should last three to four hours. Large tanks will last seven to eight hours. You are responsible for providing your own propane. It requires a standard gas grill tank.

Suggested cleaning tips: Soak the roaster with oven cleaner. Use a pressure washer to clean the roaster. If you don't have access to a pressure washer, you can take the roaster to a self-serve car wash and use their pressure washer. The roaster must be returned clean in order to receive your deposit in full. There is a \$35.00 cleaning fee if roaster is not clean when returned.

Return time: Roaster must be returned at the scheduled return time or daily rental fee applies.
